

Wastewater Treatment

Biological Growth Support Media

Bio-Pac®

Random plastic media for trickling filters, submerged beds and anaerobic reactors.

Dura-Pac®

Cross flow and vertical flow PVC sheet media for trickling filters, submerged fixed beds and other wastewater applications such as oil / water separators.

Kompakt®

Tubular block welded polyethylene media for submerged fixed beds.

Kontakt®

Durable, rugged and highly efficient media for MBBR (moving bed bio-reactors) and IFAS (integrated fixed film activated sludge) systems.

Sessil®

Media for high strength industrial BOD wastewater trickling filters

Bio-Ring®

General, all purpose, low cost random bio-growth media in polypropylene
