

Nor-Pac®

Injection molded random plastic packing. Only available in polypropylene.

Size	5/8"	3/4"	1"	1.5"	2.0"
Geometric Surface Area (ft²/ft³)	101	85	55	44	38
Packing Factor (1/ft)	38	32	25	17	12
Bulk Density (lb_m/ft³, polypropylene)	7.0	6.0	4.5	3.8	3.3

Nor-Pac® has a very low pressure drop vs. comparable packings. Additionally, it is resistant to fouling due to its very open structure. As such, it promotes good liquid and gas distribution. Also as an extruded product it avoids the problem of 'flashing' that is commonly associated with plastic packing pieces produced in an injection molding process.
