

Raschig Super Ring® Plus

Improved design of the 4th generation Raschig Super Ring®, with advantages in capacity and pressure drop.

Size	Units	0.7	1	2
Geometric Surface Area	ft ² /ft ³	54	46	31
Void Fraction	%	98	98	98

Raschig Super Ring® Plus – The latest design improvement to the Raschig Super Ring®. Based on many years of research, this ring provides increased capacity with lower pressure drop while maintaining the original design advantages of the Raschig Super Ring®. Available in 304ss and 316ss, and other alloys by special order. For more detailed information, please refer to Product Bulletin 251 available online.

Raschig Super Ring® Plus has been tested by the independent organizations Fractionation Research Institute (FRI) and Separations Research Program (SRP).

IMPORTANT: The following supersedes Buyer's Documents. SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, INCLUDING OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict liability, tort or contract arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results are based on controlled or lab work and must be confirmed by Buyer by testing for intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended.
